# VM BACKUP

Hyper-V | VMware

The Virtual Backup solution built specifically for small and mid-market businesses.

Lightning-speed performance

Hassle-free and fast virtual machine backup in less than 15 minutes.

Best storage savings in the industry

Lower storage requirements by over 65% with our **Augmented Inline Deduplication** technology.

RPO of up to 5 minutes

Back up VMs every 5 minutes, significantly reducing the Recovery Point Objective (RPO).

Finding a reliable backup solution for Hyper-V and VMware is a real challenge. You risk spending a huge chunk of your budget on software that is bloated with features you don't need, that is hard to manage, and impossible to get support on.

We created a solid backup software that does what it says it will; is intuitive, easy to use and well-priced; and most of all, offers outstanding support as part of the package. Altaro VM Backup is a full-featured, affordable backup solution for Hyper-V and VMware virtual machines, backed by an effective support team determined to help you succeed in protecting your environment.
